

**Listing of the Claims:**

This listing of claims will replace all prior versions, and listings, of claims in the application:

1. (Previously amended) A high-pressure discharge lamp comprising a discharge vessel which is enveloped with clearance by an outer bulb provided with a lamp cap, which outer bulb is translucent, is substantially tubular in shape, and is provided with a light-scattering layer.
3. (Previously amended) A lamp as claimed in claim 1, characterized in that the light-scattering layer forms an electrostatic coating.
4. (Newly presented) A lamp as claimed in claim 1, characterized in that the outer bulb is internally provided with the light-scattering layer.
